**ISD #118 POLICIES FOR PARTICIPATION  
IN ATHLETICS AND ALL EXTRA-CURRICULAR ACTIVITIES INCLUDING NON-  
MSHSL ACTIVITIES**

**Interscholastic/Intramural Athletics:**

The Board of Education believes individual students will grow physically and mentally through their experience in self-discipline and their contribution to team effort made possible through competitive inter school and intramural team and individual sports activities.

Participation in interscholastic athletics, as per Minnesota State High School League, shall be limited to students in grades 7-12 with participation of properly supervised teams from grades 7 and 8 also permitted in a limited program within their own grade levels with other schools.

Those teachers having direct responsibility for the conduct of the athletic program of the school are required to conform in all ways to the general education program as established by the Board and administration, including such matters as schedules, financial expenditures, relationships with other schools, and health and safety regulations.

District participation in interscholastic athletics shall be subject to approval by the Board. This shall include approval of membership in any leagues, association, or conferences, or rules for student participation, and of annual sports schedules.

All athletic programs shall operate in accordance with state law M.S. 1978, 126.21 as regards sex discrimination in athletics.

**Philosophy of the Extracurricular Program:**

The primary purpose of the ISD #118 program of athletics and extra-curricular activities will be to provide students with as wide a variety of non-academic educational opportunities as is economically and practically feasible. The program shall select activities that offer students the greatest possible opportunity to develop their physical and intellectual skills, sportsmanship, fair play, and teamwork.

**Purpose:**

In general, the purpose of activities offered to students in the middle grades (7th and 8th) will be upon the integration of fundamental skills with the concepts of teamwork and performance, and the development of more sophisticated skills. Every effort will be made to maximize participation for all students in grades 7-8. Sixth grade participation is not universal to all sports. Sixth grade participation will be determined by recommendations to the school board by the activities director on an individual sport/activity basis.

The purpose of activities in the upper grades (9th through 12th) will be upon the development of sophisticated skills in individuals, and especially upon the development of groups and teams that are, through their demonstration of teamwork, fair play, and perseverance, capable

representatives and ambassadors of the school. Participation and performance in competitions may be limited to students with appropriated skill levels, as determined by their supervisors and coaches, but will include at least as many students as can be outfitted with available uniforms (where these may be a limiting factor).

### **Supervision and Direction:**

Each activity in the extracurricular program will be supervised and directed by one or more members of the ISD #118 staff or by an adult designed by the principal or by the Activities Director. All practices, meets, competitions, and meetings will require the presence of at least one adult supervisor. Supervisors (coaches) are required to supervise all of their players until all members of their team(s), are picked up after a home or away event. Supervisors (coaches) may not authorize practices, competitions, or other meetings to take place in their absence or in the absence of adult supervision, and may, as required by the Minnesota State High School League, be restricted to specified dates and periods for holding practices for MSHSL sponsored activities. Participating students will not be permitted to practice or compete when no supervisor is present. In general, where not governed by other regulations established in this policy or by MSHSL regulations (where applicable), the supervisors and directors will have the right and responsibility to establish all rules and regulations for participation, conduct, appearance, attendance at practices, and performance in competitions. Students' participation will be contingent upon their willingness to abide by the regulations set forth by their supervisors. There shall be no force of precedence imposed upon supervisors in establishing these regulations excepting those expressly stated in this policy.

### **Participation and Performance in Competitions:**

All students enrolled in ISD #118 schools who meet eligibility standards set forth by this policy, by the Minnesota State High School League (where applicable), and by the coaches and supervisors of the activity are entitled to participate. Every effort will be made, at the elementary and junior high level, to give each student equal opportunity to participate and play. Students are expected to attend all practices, unless valid reasons are given to the coach in advance. Good attendance at all practices will be a major factor in determining how much a student will play. At the varsity level, the right to participate does not guarantee that the student will be permitted to compete or perform. Determination of which participants will compete shall always be the exclusive right of the directors and supervisors of the activity.

### **Eligibility:**

No student will be excluded from participation in any activity on the basis of race, creed, gender, or ethnic, although performance in competitions sponsored by the Minnesota State High School League may be limited to students of a specified gender. ISD #118 subscribes and adheres to all federal regulations governing equality of opportunity to participate in educational activities.

Eligibility standards will include, but are not necessarily limited to:

1. standards set forth by the MSHSL for all MSHSL sponsored activities (as distributed to students prior to the commencement of practices) -- these standards regulate eligibility

on the basis of age, academic standing, and compliance with rules concerning use of tobacco, alcohol, and illegal drugs;

2. academic standards as established by the school;
3. compliance with school regulations concerning physical examinations, parental permission, the payment of activities fees, and the payment of fines assessed for lost or damaged books and materials or other legitimate bills:
4. compliance with regulations established by the activities directors and supervisors (coaches) regarding behavioral conduct (both associated with the activity and elsewhere in school), attendance at practices, timely registration, cooperativeness, and, where applicable, adherence to the conditions of the MSHSL Sportsmanship Code (see Appendix A); and
5. appropriate level of physical or technical skill as determined by the activity directors and supervisors consistent with the focus of the activities program.

## **Eligibility Policy for Grades 7-12:**

### **Academic Standards**

Student-athletes must make progress towards graduation. To do this, they must be receiving credit in every class and passing all classes. The following is the Northland Community School policy for student progress.

Every 3 weeks, student-athletes must turn in their progress reports, with a parent signature, to coaches.

- If the student has an F on this progress report, the student goes into "on watch." They do not have to sit.
- If two consecutive progress reports have an F, then the student must sit for half of the event. The student will still be expected to go to practice during their ineligibility. For football and basketball, it is a half. For baseball and softball, it is 3 innings. For volleyball, it is 2 sets. For cross country, it is missing every other event. This continues the entire 3 weeks. For other events, it will be up to coach and administration discretion.
- If three consecutive progress reports have an F, then the student is out for the entire event. The student will still be expected to go to practice during their ineligibility This continues the entire 3 weeks.
- Once a student has a progress report of no F's, then they reset to the very beginning.
- At the beginning of each season, Activities Directors or Principals will look at the previous quarter grades to determine eligibility for the first 3 weeks of the season.

## Behavioral Standards

Student-athletes are role models at Northland Community School and should demonstrate our Eagle Pride every day. The following is the Northland Community School policy for student behaviors.

- 1st Major Discipline Referral = warning
- 2nd Major Discipline Referral = sit for 1/2 of next game
  - Football and basketball = half a game
  - Baseball and softball = 3 innings
  - Volleyball = 2 sets
  - Cross Country and Track = every other event
- 3rd Major Discipline Referral = sit entire next event
- 4th Major Discipline Referral = sit entire next 2 events
- Etc.
  
- \*It will reset at the next sports season.

## School Attendance:

Students must be in attendance the **ENTIRE DAY** on the day of competition, contest or practice.

Students must be in attendance at the 8:25 am start time for the beginning of the next school day following the event, contest or game.

Any deviation of this rule must be cleared, in advance by the parent through the coach, Activities Director, or Principal's Office. Excused absences will be accepted. Those students not in compliance will not be eligible to participate in the event following the infraction.

However, if trends develop that reflect poor student attendance before or after games, or if it becomes apparent that student activities are having a detrimental effect on school attendance, players will need to take the following actions to remain eligible:

1. **Meet with respective coach and Activities Director to develop attendance improvement plan.**
2. **If attendance concerns persist, a parent meeting with the Activities Director and Principal will be held; consideration will be given to suspending student from respective activity.**

Coaches will utilize student attendance; both activity attendance and school attendance, to determine which students participate in activities and which students do not. **If a coach feels that poor attendance may create a safety issue or may inhibit student academic success, a coach may withhold a student from an activity until school/activity attendance is improved.**

## **Physical Examination:**

The MSHSL requires students in grades 7 through 12, who participate in athletics, to have a physical examination at least once every three years. Standard State of Minnesota examination forms are available at most clinics and should be turned in to the high school office when the examination is completed. office must have a copy of the physical on file before the student will be permitted to compete.

Although a physical exam is only required every three years by the MSHSL, it is highly recommended by coaches at ISD #118 that all athletes have a physical exam every year.

## **Parental Permission:**

All athletic participants must present a slip signed by a parent or guardian granting them permission to participate in the activity before they will be allowed to compete.

## **Fees:**

ISD #118 assesses a participation fee for all of its MSHSL Activities except band and choir.

Fees are required for the following activities:

- Football
- Volleyball
- Basketball
- Cross Country
- Track and Field

If a student discontinues his/her participation in an activity during the first two weeks of the

activities season, including practice time, then he/she may receive a refund of the activity fee. The student must notify the coach during the first two weeks that he/she is quitting the activity. No other refunds are possible.

## **Injuries and Insurance Coverage**

ISD #118 assumes no liability for illness or injury to any student participating in athletics or extracurricular activities not due directly or indirectly to negligence on the part of activities supervisors.

District employees are expected to take reasonable and accepted precautions against injury and to provide for proper maintenance of equipment and facilities. Students who engage in activities such as football, wrestling, basketball, etc., do so with the knowledge that injuries are not uncommon to these sports. Coaches are strongly encouraged to provide students both with understanding of the risks they are taking by participating, and with a vigorous conditioning program to guard against undue risks of injury.

In the event of injuries and illnesses of which coaches are aware, reasonable accommodations will be made for the student so as not to aggravate the condition or prolong the period of recovery. When a student's health precludes his (her) from practicing and performing as expected, (s)he may be asked to provide written recommendations from a physician indicating the nature of permissible and not permissible activities and indicating a time at which full participation can be resumed. Ill and injured students who do not obtain physician's recommendations may, in some circumstances, be withheld from participation.

The health and well being of our students is a paramount concern. Coaches and supervisors will take every reasonable action to secure adequate and immediate assistance in handling injuries that result from students' participation in practice and competition. In the case of injuries that are serious or life-threatening, however, EMT or professional help will be secured immediately

without regard for the students' level of insurance coverage or parents' ability to pay.

**ISD #118 does not carry any individual student insurance. However individual insurance is made available as an option to each parent/student at their expense. This insurance information is provided to each student and parent at the beginning of the school year.**

### **ISD 118 Procedures for School Sponsored Trips**

1. Each student must have a signed permission slip and signed emergency authorization slip prior to leaving the campus for the trip. This can be completed at the beginning of a season for extra-curricular activities/sports and apply to the entire season. All permission slips and emergency authorization slips are to be taken on each trip.
2. No student is permitted to travel with or leave the school group with someone who is not an assigned coach, advisor, pre-approved trip chaperone, or the student's parent/legal guardian without the written permission of the student's parent/guardian.
3. Fast food or family-style restaurants should be used for school sponsored trips. Examples of such restaurants include: McDonalds, Subway, Perkins, etc. Restaurants that serve alcohol are not approved eating establishments for school sponsored trips **unless** pre-approved by the superintendent and will be considered only when determined to be educationally relevant to students.
4. Absolutely no alcohol consumption is permitted during the duration of the school sponsored trip by any district employee, advisor, student, or chaperone assigned to the trip. Illegal drug use is prohibited.
5. Recreational activities and entertainment options during school sponsored trips should be age-appropriate, respectful, and represent a positive image to our students. Examples of appropriate entertainment are athletic events, museum or zoo visits, movies that are age-appropriate to the students on the trip (i.e.: no "R" rated movies if there are students under the age of 17 on the trip), theater productions that are age-appropriate to the students on the trip, etc. School sponsored trips should not include recreational activities and/or entertainment that include violence, sexual content, drugs/alcohol or any other content that portrays a negative image. Any exceptions are to be pre-approved by the superintendent and will be considered only when educationally relevant to students.
6. Once initial superintendent approval is obtained, the plan will be presented to the Board for final approval. Final revisions to the plan are to be provided to the superintendent prior to trip departure.

The lead teacher, head coach, and/or advisor have primary responsibility to oversee any school sponsored trips. This includes making all arrangements; ensuring required permission is obtained and taken for each student; assigning and ensuring proper supervision during the trip;

ensuring that all district employees, students, and chaperones are aware of the expectations; obtaining any necessary administrative permissions and/or pre-approvals; handling of funds; and communicating effectively with everyone in regard to the trip. Any concerns that occur in regard to any trip are to be immediately reported to school administration.
