## Principal's Blurb

How is it possible that we are in the 2nd half of the year? This has been such a great year, and I am so excited to see the growth from our students.

This is my favorite time of the year, as our students and staff are in the such a great groove. They have been working hard to grow socially, emotionally, and academically. Also, it's I Love to Read month! We have so many fun activities planned for our students to continue to instill a love of reading. Each day of the week has an amazing reading activity planned! Our students have such a great opportunity to engage in these reading activities each and every day during February!

What did the calculator say to the pencil on Valentine's Day?

You can count on me!
